From Councillor Ian Auckland & the Lib Dem team - fighting to protect Graves Park

# NO RESPECT

## *Council dump waste in Graves Park*

Lib Dem campaigners are demanding that Sheffield Council clear up its act following the dumping of waste on land in Graves Park.

Fridges, trolleys, dog waste and discarded furniture are among the piles of waste dumped by the council on land in Graves Park off Norton Lane.

Local Lib Dem campaigners - who have consistently fought to stop Labour selling off land in Graves Park - have called for action.

Lib Dem Councillor **Ian Auckland** said "First the Council tried to sell off park land and now they are dumping their rubbish on our doorsteps – it does make you wonder what grudge Labour councillors have got against people who live near Graves Park.

"I've made it clear that as local councillors we will not allow this industrial fly-tipping and wanton destruction to continue. The Council need to admit they are in the wrong and clean up their mess."

**DUMPED** - Council waste in Graves Park

**ANGER:** Ian Auckland is demanding Labour bosses clear up the mess

Fridges, trolleys, a cooker and chairs among waste dumped by the council.
